TWO FATAL WRECKS.

SEVERAL PERSONS KILLED AND A NUMBER INJURED.

The Passenger Train Was Thrown From the Track by Rails Being Removed. Express and Baggage Cars Were Almost Demolished—The Freight Train Was Wrecked at a Crossing.

TOLEDO, Oct. 1.—Train No. 49 on the Wabash railroad was wrecked yesterday at Maumee, a small town 12 miles south of this city. The accident was the result of a well laid plan to ditch the entire train.

F. N. Smith, engineer, of Toledo was killed.

A. H. Day, fireman, of Toledo was fatally injured.

Those slightly injured are: Charles Holland, mail clerk, Toledo, scalp wound; J. F. Provost, mail clerk, Toledo, slightly cut and bruised; J. W. Kreamer, mail clerk, Disko, badly scratched on body.

The wreck was planned by whoever conceived the plot, to occur at the west end of a long siding just beyond the Maumee station. The road at the lower part of the largest switch had been removed and the switch was partly thrown. The target indicated a clear track and the engineer was probably not aware of the situation many minutes before his engine was bumping along on the ties. As soon as the train struck the switch it leaped into the air, fell toward the ditch and turned completely over. The trucks of the mail cars followed the engine, but the cars themselves went in an opposite direction. Under them was found the body of Engineer Smith and Fireman Day, the latter suffering from a fracture of the skull which will prove fatal.

At the time of the accident the train was running at the regular speed and it is considered a miracle that more lives were not lost. The postal cars were torn entirely from the trucks and were lying side by side.

The express and baggage cars were literally reduced to splinters, yet the occupants escaped unhurt. There were several passengers in the combination smoker, which was wrecked, yet not a scratch could be shown by any of them. The passengers in the Pullmans were only made aware of the accident by the severe jolting which they experienced.

The dead engineer and dying firemen were both new men on the line and are believed to have come to the road from Lehigh during the recent American Railway union strike.

Five Persons Killed.

WOODSTOCK, Ills., Oct. 1.—Yesterday morning a freight train bound for Chicago was wrecked on the Chicago and Northwestern railway at Grover's crossing, about a mile west of this city. When the wrecking crew reached the spot the voice of a man was heard calling for help. His hand protruded from beneath the debris. This wrecked car was loaded with green planks and the lumber was removed as rapidly as possible, the result being the discovery of two dead bodies, one man badly injured and a boy seriously bruised and shaken up. The dead are:

Bert Little, Freeport, Ills.
Tyler Davis, Mount Morris.
Unknown boy, Lincoln, Neb.
Unknown boy, residence unknown.
Unknown man, said to be known as "Milwaukee Eddie."

The injured are: Joseph Grady, Fall River, Mass., leg broken, back injured and left wrist chewed by one of the boys in his death struggle, the latter dying with his head pinned by the lumber to Grady's breast; Sam Newman, 12 years old, Freeport, Ills.

Fatal Train Wreck.

ASHLAND, Ky., Oct. 1.—The Chesapeake and Ohio freight No. 4, eastbound was wrecked near Williams' creek tunnel. Van Gregory, a miner, riding free, was fatally injured.

Backed Into the River.

PORTLAND, Or., Oct. 1.—At Kalama an engine of a Northern Pacific freight train was backed off the ferry boat into the river. Peter Kramer, the fireman, was carried over with the engine and drowned. His body was recovered.

SHOCKING DEPRAVITY.

An Illegetimate Child Starved to Death and Fed to Rats.

MEMPHIS, Oct. 1.—A shocking case of depravity was unearthed by the police here. A few months ago Sellie Crum, a white girl employed in a Union street cigar factory, gave birth to a boy baby, which she gave to Amanda Harris, a colored woman, to raise. The negress took the infant to a hovel on Washington street, where she deliberately starved it to death. The babe died Saturday night and the corpse was thrown into a dark and filthy room. Sunday morning several neighbors were attracted to the scene by a sickening smell and found that the rats had eaten the head, feet and hands away. The child's mother and the negress were arrested for murder.

A Condemned Man Escapes.

ST. JOSEPH, Mo., Oct. 1.—Columbus Hayes, twice convicted of murder and now under sentence of death, escaped from jail at Savannah. The door of the jail was cut with a saw smuggled into the prison. A forger named Simpson also escaped.

BULLET PROOF DRESS.

Captain Manard Entertains Newspaper Men With His New Invention.

CHICAGO, Oct. 1.—Captain Manard, the English marksman, Friday night gave a private exhibition to newspaper men of his new bullet proof dress, considerable notice of which has appeared in the English press. Captain Manard used a 88-bore Martin-Henry rifle. The first test was at a piece of steel about one-eighth of an inch in thickness. This was placed in a box and the cartridges which the captain intended to use was handed to the members of the press for safe keeping. The first of these was fired at the steel plates and the result was a jagged hole.

"Shall I fire at the plate or the woman this time?" asked Captain Manard, and there was a chorus of "at the plate."

Again the bullet ploughed its way through the steel. Those present refused a second time to ask the young woman, who was Mr. Manard's sister, to pose as a mark, but the captain told her to step forward, and she did so without hesitation.

Mrs. Julia Manard set a deck of white cards in front of her husband's sister's body and Captain Manard fired. Miss Manard moved just a trifle as the result of the shock, but the smile never left her face that had come to it at the refusal of those present to ask her to stand in front of the rifle.

Other tests were made with the regulation Springfield rifle, in use in the United States army, with the same result. It failed to pierce Captain Manard's protection, although the bullet fired just before had gone through 16 1-inch pine boards.

Captain Manard proposes to give an exhibition before army officers on the occasion of the opening of the army on Oct. 9. He will also ask General Miles to make a test of the resisting power of the material.

LOADED WITH MONEY.

Wong Foo Was Rich, but He Played a Mean Trick on a Swedish Girl.

CHICAGO, Oct. 1.—Wong Foo is a most child like Mongolian, so far as appearance is concerned; but his all consuming desire for money in any sum has brought him to grief and a station cell. Wong has had a laundry at Thirty-first street and Wentworth avenue for many moons, and, as much soiled linen came over the counter, his worldly stores increased. Among his callers was a pretty buxom Swedish lass, Mary Larsen by name.

Mary was a cook in an adjacent restaurant and Wong one day discovered that she had saved up $100. At the same time Wong discovered his great need for a wife, so he induced Mary to join her lot with him. This was only a few moons back.

Mary caused Wong's arrest Friday night on a charge of swindling. She claimed her almond-eyed spouse had secured her paltry $100 and was about to leave town. When Wong was searched at the station the police were amazed to find $13,000 in American money sewed to his clothing. In his hat was hidden a ticket to Hong Kong.

MURDERED BY THIEVES.

A Daughter Finds Her Father Dead In the Store.

RALEIGH, Oct. 1.—James Brown superintendent of the Long Island cotton mills, near Stateville missed articles from the store and informed his family that he would stay all night and catch the thief.

Early Saturday morning his daughter went to the store and found the door unlocked and her father dead with a bullet hole in his head and evidences of a fearful struggle. Brown was an Englishman 50 years of age.

Seven Scores and Ten.

SAN ANTONIO, Oct. 1.—A Mexican named Francisco Rodriguez died at Ingram, Kerr county, Friday. His intimate friends and family assert most positively that he was 150 years old. He had been married five times, the first ceremony being performed 100 years ago. He had three grown sons in the war of 1812. Two of his daughters were with him when he died, and they are almost 100 years old. They have a record of the dates of all their father's marriages.

Double Killing.

DENISON, Tex. Oct. 1.—John Welch and Indian Policeman Marshall were killed Thursday at Muscogee, I. T., by C. Smith. Smith and Welch quarreled and Indian Policeman Marshall ran up to quiet matters. In the tangle that ensued a bullet was sent through Welch. Marshall pulled a pistol, but Smith was too quick for him and his second shot pierced the policeman's heart.

A BATTLE FOR LIFE.

DISCHARGED LABORER CARRY OUT HIS THREATS.

Martin Randall Attacks Superintendent Atkinson While Perched on an Iron Beam and Sends Him Into the River With a Mortal Wound—Randall Attempts Escape, but Is Jailed.

CHICAGO, Oct. 1.—Two men who were struggling on a bit of iron that projected from the Metropolitan Elevated railroad bridge superstructure over the Chicago river attracted fully 500 persons to the Jackson Street bridge Friday night. The battle lasted hardly three minutes, and then one of the contestants plunged headlong into the water with a fearful gash in his abdomen, from the effects of which he will die.

Martin Randall was until a few days ago employed in the construction of the new bridge. George Atkinson, superintendent in charge of the iron construction, discharged him for cause, and Randall left vowing vengeance.

While the night crew were working Atkinson was perched on a beam and was directing his assistants below. No one heeded Randall as he clambered up the ladder alongside the crane and crept stealthily across the tangle of iron crossbars. He reached Atkinson's side, and, catching him by the throat, tried to hurl him into the river. Atkinson is a powerful man and resisted with all his strength. The combatants swayed to and fro and the workmen below watched the battle for life as if spellbound. Atkinson lost his balance and plunged downward, but caught at the beam in time to hold himself.

Randall had straightened up as his antagonist shot downward, but noting the new lease of life he had secured, threw open his coat and drew out a long bladed butcherknife. Then deliberately kneeling down, he reached below and plunged the weapon into his helpless victim.

Atkinson's hands released their hold on the beam and he fell into the water. Randall sought to escape, but was captured as he reached the ground.

Officers Fallon and Butcher procured a boat hook and fished the superintendent out of the water. There was a fearful gash in his abdomen, from which blood was pouring in a thick stream. Physicians were called and after sewing up the wound, sent him to the company's temporary hospital.

Randall was locked up.

CAPTURED THE SPOOK.

Two Brothers by the Aid of a Bulldog Unearth a Mystery.

SHELBYVILLE, Ind., Oct. 1.—A live spook was captured Friday night at the home of [illegible], near St. Louis crossing, in this county, which has developed into several large sensations.

For six weeks a strange apparition has disturbed the family of Harvey Spurlien. The ghost came regularly at 11 o'clock at night, rain or shine, and was attired in the usual garb of ghosts.

Mr. Spurlien, growing tired of its visits, called on his brother, George, to assist him in solving the mystery. That night George went to Harvey's home and took his bulldog with him. The dog was tied in a convenient place, and at the hour set apart by the spook for its appearance the dog was turned loose. He started for the whiterobed object with a determination known only to bulldogs. Before the brothers could get out the bulldog had the ghost by the throat.

It was with much difficulty that he was taken off, and not until Mrs. Daniel Girard, a very pretty woman and a member of one of the most prominent families of the county, was completely disrobed.

Harvy recognized her at one, and remembering that two months ago his wife and the fair spook had fought in the street on his account, ran to the house, procured his shotgun and would have ended the spooks earthly career, but for his brother who prevented him.

Moore and Fulks Hanged.

PARIS, Tex., Oct. 1.—Tom Moore and Eugene Fulks paid the penalty of their crimes upon the gallows Friday. They died game. Perhaps men never met death so bravely as they. T., and Moore shot and killed Charles Palmer from ambush near Emit in the Chickasaw country.

CHINESE WHIPPED AGAIN.

Another Battle Reported In Which the Japs Were Victorious.

LONDON, Sept. 29.—A dispatch from Shanghai says it is reported the Japanese have succeeded in entering the Chinese province of Manchuria and they are advancing upon the capital of Mookden.

It is also said fighting has taken place between the invaders and Chinese at a town between that city and the frontier. The engagement is said to have ended in a decisive victory for the Japanese, who established themselves in a position previously occupied by the Chinese troops.

No details of the reported battle are given and Chinese at Shanghai discredit the report, as also at the Chinese legation in London.

PEACE IN RIO.

The Bloody Riots Ended For the Time-being In the Brazilian Capital.

RIO DE JANEIRO, Oct. 1.—This city is peaceful now and a vigorous campaign against the rebel forces under Gen. Salgado in Rio Grande do Sul is being arranged.

The cavalry still holds all the public squares and the artillery is in readiness to enforce the barricades while the infantry and marines patrol the streets. No leave of absence is granted by commanders of war ships.

Many believe the government incited the people against the British legation, but was frightened at the results of its own work. The government indignantly denies that it had anything to do with provoking the riots, advancing the theory that the riots were started by Monarchists with a view of bringing the republic into disgrace before the world.

One well known newspaper correspondent is reported killed. Three others will be banished. The damage to property will not be great as feared. Many houses set on fire were saved.

Foreign Minister Nascimento has apologized to the British minister.

All the legations and consulates are closed, and at the first sign of a renewal of rioting troops will be sent to guard them.

While the attack lasted, I suffered a great deal, and could not dress or undress myself. Although I am 75 years old, I have no regard my health as splendid. I had spent a great deal of money previously, in various

ROGER Q MILLS refuses to meet populist speakers in joint discussion.

IT is folly to say the populists have no strength and will accomplish nothing.—Denison Gazetteer. (Dem.)

DR. BROWDER, in reading democratic testimony against the tariff bill failed to read the recent editorials of the McKinney Enquirer against the bill of "perfidiy and dishonor."

BEFORE a man jumps onto either the public or private record of another he ought to be sure that his own skirts are clean.—Van Alstyne Leader, (Dem.)

There, Mr. Bailey, is some good advice for you to freeze onto in the future, coming from a brother democrat, too, who, no doubt, was sorrowfully pondering over your sad predicament just now, due to your ruthlessly ignoring the above advice. What a pity, Joseph, what a pity that you should so embarrass your party by tackling a veritable buzz saw when your ruffled skirts were so unclean. If you had only heeded you might have glided back into office without the people ever knowing your private history.

IT looks rather queer to see Geo. N. Aldridge, and George Clark out making single gold-standard speeches and Chilton, Hogg, Lanham and others making free silver speeches.—McKinney Gazette.

You read the McKinney Examiner of the 26th., ult., Clint, and then this will not look so queer! Here is what it says: "Our state platform was agreed to on the understanding that good democrats could hold either view on the silver question." Now, Clint, this, the democratic platform, is the authority by which these great leaders of the democratic party are going over the grand state of Texas, preaching doctrines and committing the democratic party to principles that are as nearly together as the zenith and nadir, as nearly identical as the glare of the noonday sun and the gloom of midnight darkness. Now, Bro. Clint, it doesn't look so queer after all why they are doing this, does it? It's to catch votes, isn't it? Of course it is. They are advocating the election of the same set of candidates; but while it doesn't look so queer, don't you feel a little queer when you admonish your readers to endorse such arrant deception? Honor bright, now Clint, don't you?

JUDGE T. L. NUGENT.

Will speak in McKinney at 2 o'clock p. m., Wednesday, Oct. 17. Let everybody advertise this appointment. Make that day a holiday and turn out to hear this able jurist, statesman and patriot.

THE sagacious Japs are bent on waging the war within China's borders. Already the Chinese army has suffered ignominious defeat on their own soil and the Japan government is rapidly enlisting large numbers of fresh troops and hurrying them forward to an unknown destination which is supposed to be Pekin, the capitol of the Chinese Empire.

DURING the twelve years ending Aug. 1, 1804, the enormous sum of one hundred and eighty millions of dollars have been lost to depositors in the national banks of the United States.

THE Union Pacific railway corporation owes the Federal government $200,000,000 which is $68,000,000 more than the corporation is worth.

A TRUE Christian would rather serve God than his country. —J. W. Bailey.

Voters of the 5th congresional district, who claim to be followers of the meek and lowly Nazarine, here is a thought dropped you by your congressman on Saturday Spet. 29 in McKinney while tryingto prove that a minister of the gospel should not present himself for public trust The legitimate inference of this bold statement is that a true Christian cannot serve God and his country at the same time. How does this coincide with your views and ideas of your God and country? Do you endorse it? Isn't this utterance blackmail against the very spirit, the underlying principle of your government, which of all the nations of the world is supposed to be the most thoroughly christianized? If it is, it surely cannot be true that Christians should not be permitted to participate in the framing of her laws.

REPORTS from the Browder-Bailey discussion at Farmersville are to the effect that Bailey, in his closing speech, used the most bitter, violent and abusive language in his attack on Dr. Browder ever heard. W. T. Cox, a democrat of this city, said that he had never seen such a severe attack written or heard spoken as that one delivered by Mr. Bailey. The fact is that Mr. Bailey and his intimate followers started out with the intention of bulldozing Dr. Browder by making a personal attack on him, thus evading the real issues of the campaign. Browder was reluctantly forced to retalliate, and at Farmersville, for the first time in the canvass, produced papers to prove that Bailey had thousands of dollars worth of judgments against him on the court dockets of Gainesville, besides other debts not in the shape of judgements, one of which was the sum of $36.50 he owed a carpenter by the name of Rubush that he had refused to pay after being repeatedly called on. Dr. Browder also produced a transcript of a civil suit in which Bailey was a witness and in which a letter from Bailey was praduced in which he made a statement regarding a contract and afterwards made a contradictory statement. These and other remarks of Dr. Browder enraged Mr. Bailey to white heat and caused him to make impassionate remarks which many of his more conservative friends are not proud of. As long as Mr. Bailey continues to attack the character of others he may expect his own to receive a like consideration.

Notice, Alliancemen.

On account of the appointment of Judge Nugent to speak in McKinney, Oct. 17th, The county alliance will meet at that place on said date at 10 o'clock a. m. and after organization and preliminary business, will adjourn to meet at Rowlett school house Oct. 18 (the next day.)

The Monarchs of The Arena World.

On October 22, the famous Sells Brothers will visit Mckinney with their entire collossal unity of circusses, Monster Fifty-Cage Menagery, Royal Roman Hippodrome, Huge elevated Stages, African Acquarium, Australia Avairy, Arabian Caravan, Spectecular Pagaents, Trans Pacific. Wild Beast Exhibit and splendid Free Street Parade. Admission reduced to fifty cents. Had not Adam Forepaugh and P. T. Barnum made their final exits from mortalities arena, presumably to manage "a galaxy of stars" elsewhere they would be forced to accede that Sells Brothers have essentially "the greatest Show on Earth," and the only legitimate one of the kind left. A menagerie which includes many rare wild beasts; the only pair of full grown Hipopotimi, worth $100,000, is something to boast of. Other notable features are a most singular Hairless horse, a whole flock of stately Ostriches, and the troup of Educated Seals and Sea Lions, and fully 1,000 other novelties. The programme of Hippodrome races and general performances are upon a truly impartial scale and intrduces the greatest drivers, riders and Athlets of both sexes including an astonishing troupe of Berber and Bedouin Gymnasts. The newly devised spectacle of the Pilgrimage to Meca will introduce in the arena many rich, striking romantic novelties.

Populist Executive Committe Meeting.

Pursuant to the call of Chairman Gray, the populist executive committee of Collin county met in McKinney last Saturday, Sept. 29. Encouraging reports were received from every part of the county. Business of minor importance was attended to after which the following resolution was heartily adopted:

Resolved, That we hereby recommend the following procedure by the populists of Collin county in order to secure a free ballot and a fair count in the coming election.

1st. That all populists in Collin county assemble at some point within their respective voting precincts some time previous to Saturday Nov. 3, the time and place to be designated by the precinct committeemen, and

2nd. That they organize by electing a chairman and executive committee, whose duty it shall be to select one person to act as judge, one as clerk, and one to witness the counting of the votes; and that the said executive committee wait on the manager of the election and recommend the appointment of the persons selected as officers of the election, and

3d. That they select a committee to attend a meeting to be held at McKinney, Saturday Nov. 3, to receive and take care of the election tickets and and see that the same are at the polls on election day, and

4th. That the campaign committee furnish to the populist election officers at each precinct a blank election return and that said officers make out an exact duplicate of the election returns and send same at once to the chairman of the executive committee.

BROWDER AND BAILEY

Joint Debate at Denison.—Mr. Bailey Mad, and With Open Knife Threatens to Cut Mr. Browder's Throat.

BROWDER MAKES FUN OF BAILEY.

U. M. Browder, people's party candidate for congress, and J. W. Bailey, the democratic nominee, met in joint debate Saturday night at the McDonald opera house of this city, and were greeted with a packed house of anxious hearers.

Dr. Browder opened the discussion with a well timed and critical discussion of the living issues of this campaign. His entire speech was delivered in a kindly and manly spirit which was well received by the audience regardless of the political complexion of the people.

"Mr. Bailey followed" says the Daily Dispatch, a democratic paper, "and from the inception of his speech, he got mad, and to the very end he assumed the role of a black guard, and used very strong language and finally wound up by flourishing his knife and threatening to cut the throat of his opponent. The confusion was great, and everybody expected to see a fight, and finally Chief of Police Jones was called upon the stage to lend assistance, if necessary, to quell the incipient riot."

"Browder spoke first and the Dispatch congratulates him upon the manner in which he conducted himself and upon his arguments, regardless of its fallacies."

Bailey made a bitter personal fight upon Dr. Browder, during which Browder said not a word, but when the time came for Dr. Browder to deliver his rejoinder, he drew from his pocket a large envelope packed with afidavits & court abstracts of unsatisfied judgments to the amount of $12,000 and affidavits from poor persons whom J. W. Bailey has owed for years for hard labor and and would not pay them. J. W. Bailey could not stand this so he made a rush at Dr. Browder with an open knife, swearing he would cut his throat from ear to ear. To the utter astonishment of the greatly excited people, Dr. Browder never flinched nor even colored up in the face, but deliberately turned into the face of this mad man and coolly remarked:

"J. W. Bailey, you cannot intimidate me; neither can you scare me and no man but a big booby school boy, sour and petulant, will do as you are doing. You couldn't cut hot cheese; go off and sit down and act a man for a change." Browder's coolness and generalship brought the house down. Then Browder took charge of the audience and settled the people all back into their seats and finished his speech in the best of style.

The moment he closed his speech, Bailey madly rushed to the footlights and claimed the attention of the audience to explain all about the affidavits read by Dr. Browder, but the people refused to hear him; hence he gave up in despair and the people yelled and hissed him out of the house.

Bailey is doomed in Denison. So far as Grayson county is concerned, the joint debates are declared off. We are not willing to allow our candidate to stoop to the level of J. W Bailey when the strongest democratic daily in the district denounces him "a blackguard." This was a grand victory for reform from first to last.

GEO. A LAKE,
Ex chairman People's party, Executive Committee, Grayson county, Texas.

ANOTHER ACCOUNT.

Denison Tex., Oct. 1, 1894.
Editor McKinney DEMOCRAT:—

On last Saturday night J. W. Bailey and Dr. U. M. Browder met in this city in joint debate. Dr. Browder opened the discussion in his usual dignified, and convincing style. Bailey followed, and towards the last of his speech, injected some very unkind personalities, as has been his style in their discussions at other places. Dr. Browder was allowed a 15 minutes rejoinder, in which he explained the charges Bailey made against him and proceeded to read some affidavits concerning the private character of Mr. Bailey. At this point Bailey rushed up to Browder with a knife glittering in his hand, and declared he would cut Browder's throat. This caused a great deal of excitement and for a few minutes it only needed the popping of a match to start a riot.

During all this furror Dr. Browder stood perfectly calm, in fact it was remarked by several democrats that his coolness was wonderful. After awhile Bailey retired to the background and Browder was allowed to finish his remarks.

Bailey's conduct here has lost him many, who were hitherto his friends, and some of the democrats are disgusted with Bailey and say they will vote for Dr. Browder.

APPOINTMENTS CANCELED.

Bonham, Tex., Oct. 1—The following was handed to the News correspondent for publication.

To The People's Party of the Fifth Congressional District:

The appointments heretofore published for joint debates between J. W. Bailey and U. M. Browder are hereby canceled and Dr. Browder is instructed to make no further joint canvass with his opponent. The reasons for this action are that Mr. Bailey has from the beginning of his campaign ignored the questions of importance at issue and has made a personal fight on Dr. Browder which was beneath the dignity of a gentleman to notice. He has turned several of these joint meetings into a disgraceful mob and I am satisfied that further continuation of such methods will be resented by violent measures, and desiring to see a peaceful and quiet canvass, devoid of such disgraceful proceedings, a canvass in which the people may hear the issues discussed without being compelled to listen to proceedings more fit for the barroom than the rostrum I call the attenion of Dr. Browder to the above instructions of the congressional committee and request his compliance.

Negro Killing.

Three miles northwest of Parvin, just over the line of Collin, in the edge of Denton county, was the scene of a fatal shooting affray Tuesday morning, in which two negroes, Jim and George Crutchfield lost their lives on the spot and Will Mitchell, another negro, was mortally wounded.

It seems that the Crutchfields and Mitchell had a falling-out about Mitchell's horse getting into the Crutchfield pasture and when the horse was again discovered in the field Tuesday morning, Jim Crutchfield shouldered his winchester and followed by his brother, George, started to turn the horse out; but just before Jim reached the spot where the horse was, Will Mitchell, who was concealed near by, shot him dead in his tracks with a small pistol and then turned on the other brother, George Crutchfield, shooting him twice. He then turned and started off, evidently thinking he had killed him too. Mitchell hadn't made such deadly work with his last victim however, who managed to crawl to where his dead brother, Jim, was lying and taking the winchester from the dead man's hands, shot Mitchell, mortally wounding him. George died within an hour after the shooting. The Crutchfields are property owners in that neighborhood and were industrious negroes, but Mitchell, who hasn't been in that community but about three years, didn't bear such a good reputation and has been in Jail once during that time.

Owing to sickness we could not get out on time.

There is no medicine so often needed in every home and so admirably adopted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothach or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly relieved and the sore healed in much less time than when medicine has to be sent for. A sprain may be promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen, which can only be done when Pain Balm is at hand. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle and you will never regret it. BROWN CHEMICAL CO. BALTIMORE, MD.

As a matter of news, in our last issue we printed an article from the Bonham (Tex.) Farmers Review, which was an attack on the Ladonia (Tex.) News. The article referred to gives the public an idea regarding the disagreeable and worst features of politics as is presented in the columns of our contempories in Fannin county. We have not seen the Ladonia News, but we judge from the language in the Review article, that the latter paper is simply retalliating. Such is not the style of warfare to suit the taste of THE MCKINNEY DEMOCRAT. We desire and always have desired to engage in a discussion upon a high and honorable plane. The personality injected into this campaign is the result of the opposition and it should not attempt to blame any one but itself.

Read THE DEMOCRAT and hand it to your neighbor.

People's Party Texas Platform, 1894.

1. We heartily indorse the principles enunciated in the people's party platform adopted at Omaha, July 4, 1892.

2. We declare the people's party to be an anti-monopoly party and reiterate our opposition to the monopolization of the natural resources and public utility by individuals or corporations for speculative purposes.

3. We declare the monopolies of land, money and transportation to be the fruitful sources of social and industrial injustice, inequality and wrong, the parent of monopolies from whichall lesser monopolies spring, and to the end that these monopolies and their baneful consequences may be removed we advocate as appropriate measures of relief:

1. The abolition of all private banks of issue of every character, whether state or national.

2. The construction, ownership and operation of railroads by the government to the extent necessary to control and regulate rates.

FIGHT IN MIDAIR.

Thrilling Struggle on a Bridge Beam.

Chicago, Ill., Sept. 29 —Two men struggling on a bit of iron that projected from the Metropolitan L road bridge structure over the river attracted fully 500 persons to the Jackson street bridge last night. The battle lasted scarcely three minutes, and then one of the combatants plunged headlong into the water with a fearful gash in his abdomen, from the effects of which he will proba bly die.

Martin Randall was until a few days ago employed in the construction of the new bridge. George Atkins, superintendent in charge of the iron construction dismissed him for cause and Randall left vowing vengeance. Last night while the night crew was working Atkins was perched on a beam and was directing his assistants be low. No one heeded Randall as he clambered up the ladder alongside the crane and crept stealthily across the tangle of the cross bars. He reached Atkinson's side and catching him by the throat, tried to hurl him into the river. Atkinson is a powerful man and resisted with all his strength. The combatants swayed to and fro and the workmen below watched the battle for life as if spell bound. Atkinson lost his balance and plunged downward but caught at the beam in time to hold himself. Randall had straightened up as his antagonist shot downward, but noting the new lease of life he had secured, threw open his coat and drew out a long-bladed butcherknife. Then deliberately kneeling down he reached below and plunged the knife into his helpless victim. Atkinson's hands released their hold on the beam and he fell into the water. Randall sought to escape, but was captured as he reached the ground. Officers Fullon and Butcher procured a boat hook and fished the su perintendent out of the water. There was a frightful gash in his abodmen, from which blood was pouring in a thick stream. Physicians were called and after sewing up the wound sent him to the company's temporary hospital. Randall was locked up.

BROWDER VILIFIED.

The Nocona Argus has a communication in the shape of a letter without address or ad dresses, vilifying a highly respected gentleman. one who is loved by the Christian church, and one who is admired by all well balanced men, a man of intelligence and ability.

The communication bears neither name of mother or father, therefore it is as yet without parentage; a waif, an out cast, a blight upon the literary attainments of the editorial chair.

In the minds of true Ameri cans this will be a matter of regret that such communications should find space in a public organ is abhoring.

We regret very much that it is the case and we will venture to say that somewhere in this life those selfsame persons will have time for repentance, and when the day comes for settling accounts they will ask God to let the mountains fall upon them to cover up their multitude of sins.

U. M. Browder is a man who cannot be put down by such villiany, such abuse and such corruption. It seems to be the course of Bailey's supports to justify his shortcomings by giving out immaginary and manufactured libelous slanders on Mr. Browder. Friends merit will win, merit has won.

Mr. Browder comes to us with his church credentials, and with recommendations from men who fear not to sign their names to the statements made, and men whose honesty and integrity is not doubted, and by his merit has gained the implicit confidence of his Gainesville fellow citizens. We ask you to look up his record and look up the record of those who are vilifying him. if you can find ont who they are which, however, we doubt you will be able to find, for they do not put their names to their statements.

These men prefer darkness rather than light, for the light will expose their evil doings.—Bowie News.

Populist Appropriation Bill.

Brownwood, Tex., Sept. 19.—[To The News.] Judge Clark in his speech at Bastrop says that bills introduced in congress by populists call for appropriations amounting in the aggregate to $35,507,300,000 The idea evidently intended to be conveyed is that these bills were introduced in one session of congress, otherwise the charge amounts to nothing. These figures are taken from the speech of Mr. Pigott of Connecticut, printed in the record of Aug. 13, 1894. Two of the bills referred to, viz: Ex-Representative Cloun's bill No. 6254 and bill No. 3999 by the same party were not introduced in the present congress. These are set down by Mr. Pigott and Judge Clark at $22,000,000 000 which should be taken from the $35,507,300,000, but this is not all. Mr. Pigott estimates the amount required under Mr. Davis' loan bill at three and one-third billions, but he puts it down in his recapitulation at ten billion, or six and two-thirds billions too much according to his own showing. Again he estimates Representative Hudson's pension bill at $1,-500,000, but this bill does not provide for any increase of pensions, but for an estimate of what each pensioner will draw during his life under the present laws as computed by life insurance tables and the payment of the amount in a lump instead of monthly. Each of these bills provide for an additional issue of currency, no part to be raised by taxation. Suppose the bills referred to in this speech introduced by populists at the last session of congress had have passed. The passage of each of the others would have reduced the amount to be issued under Mr. Davis' bill, as the maxim provided therein was enough to bring the present circulation to $50 per capita. The democrats claim that there is already in circulation $25 per capita. Then how does the account stand? Kem's bill No. 5446, $1,000,500,000; Davis' bill No. 6767, $500,000,000; Peffer's bill No. 1300, $6,300,000; Boen's bill No. 7908, $500,000.000; Boen's bill No. 5745, $1,000,000; Peffer's bill No, 7896, $20,000, 000; total, $3, 527,300,000.

As this amount would have passed the limit provided for in Mr. Davis' loan bill no appropriation could have been made under that bill according to the terms of the bill itself. Hence we see as shown by Mr. Pigott's own statements this $35,507,300,000 proposed appropriations proposed by populist members at the last session of congress shrinks to $3,527,300,000, and this is raised. not by taxation, but by an increase of the currency. I am surprised that so prudent a man as Judge Clark should have been led into making a quotation from so reckless a falsifier as this Connecticut man is shown to be by his own statements. Judge C. K. Bell has fallen into the same error.

Rock Hill Item.

Sept. 27, 1894.

Everybody busy at present.

There is music afloat.

There will be given a supper at the school building on Friday night Sept. 28.

Our band received their instruments last week. That accounts for so many of our citizens wearing cotton in their ears.

The music class here under the instruction of Miss Martin is progressing rapidly. Miss Martin is a splendid instructor.

H. L. Thomason and A. Youngblood spent Saturday and Sunday transacting business near Plano.

Dr. Mathers is having the barn on his farm west of here re covered this week.

The political discussion between Mr. Doyle and Dr Mathers did not take place here last Friday night on account of Mr. Doyle being absent. Quite a crowd gathered to hear the contest.

Bethel school district on last week was united with Rock Hill for the present school year. We would say to any others who wish to enjoy the advantages of a good school to "go and do likewise!"

Obituary.

French Cameron, son of L. and Lydia Cameron, was born Nov. 22, 1880. After seventy five days of suffering with slow fever, his spirit took its flight to God, Sept. 19, 1894, at 3 o'clock a. m. He bore his sickness with the greatest patience. He never murmured nor complained during the whole time of his illness. French was a kind, affectionate child and was loved by all who knew him. When he was told by his physician that he was not likely to live it seemed to trouble him. His Sunday school teacher talked to him and he said he loved the Savior and he believed there was a home in heaven for him. The Lord gave and he hath taken away. Blessed be the name of the Lord. We weep, not as others who have no hope; we believe we will meet him in that land where sickness and death can never come. He leaves a father and mother, five brothers and one sister to mourn his loss. Dear father and mother, brothers and sister look up through tears to Him who doeth all things well and say thy will be done. French cannot come to you but you can go to him.

Sleep on, Dear French,
Till, by and by,
We meet Thee,
Far above the starry sky.

Murdered His Sister.

Worcester, Mass., Sept. 29.—William Carr, an employe of the Washburn & Moen manufacturing company, murdered his sister, Mrs. Ellen Lucier, aged 44 years, this afternoon. Carr was drunk at the time of the murder, which was the result of a quarrel over the division of some property left by their mother.

ECZEMA From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs, and was treated by the best medical men, but was not benefited. The terrible Eczema was gone, not a sign of it left; my general health built up, and I have never had any return of the disease. I have since recommended CHILDHOOD S. S.
